

Valenz ProteKHT™: Complete bill review and secured savings solutions

With the continued challenges of medical billing accuracy and transparency, self-funded employers and the self-insured community need confidence they are paying medical claims appropriately. **Valenz ProteKHT™ ensures appropriate and accurate charges are accounted for on every line of every claim**, correcting unnecessary, unrelated, irregular or inappropriate medical billing while enhancing the claim management process.

Industry-Recognized Solution for Secured Savings

Valenz ProteKHT delivers **savings 10-30% greater than contracted network discounts** complete with a signed contract, agreed upon and authorized by the provider.

With **provider signoff success rates averaging 70%**, Valenz ProteKHT is the industry's recognized comprehensive and complete bill review solution. We ensure appropriate, defensible and transparent payments that are secured by signed provider agreements.

Bill Review Signoff

Detailed line-by-line bill reviews with provider signoff ensure that incorrectly billed charges and clinically inappropriate services are not reimbursed. By consistently securing provider signoff, Valenz ProteKHT eliminates provider appeals and balance billing while delivering significant savings for Valenz customers.

Bill Review

Should providers be unwilling to agree to write off discrepancies that don't meet industry-standard coding and care guidelines, Valenz ProteKHT offers payers full appeal support for bill reviews. We manage appeal processes with providers directly, and reduce friction by ensuring accuracy, consistency and transparency.

Eliminating erroneous, fraudulent and medically unnecessary charges allows health plans to remain focused on improving outcomes and helping members lead strong, vigorous and healthy lives.

Expert Peer Review

Our credentialed reviewers offer unparalleled expertise in handling claims and investigating charges. Through a professional team of certified coders, registered nurses, board-certified physicians, licensed pharmacists and licensed social workers, we consistently deliver defensible peer assessments for any type of claim or charge.

Data-Driven Ecosystem

As part of the Valenz ecosystem, data is the fuel behind our engine and allows us to bring exceptional analytical efficiency when examining prices, coding and care to ensure appropriate payment.

Through a fact-based, data-driven model and approach, we engage early and often to deliver optimal investigation results and fast turnarounds – within 24 hours of receiving the itemized bill.

Personalized Solutions

We develop personalized solutions that meet the unique needs of our customers, allowing them to remain agile as they navigate a continually evolving environment in claims. Our active partnerships are built on personal attention and the commitment to “Customer Love” – connecting the dots to draw and manage the big picture for superior service.
